TES_03: To improve transit services through dynamic multimodal management of PT corridor

Activities towards demonstration *(How?)*

Completion of the preparation activities

Finalize development of microscopic traffic simulation models and execute simulation experiments

Analysis of simulation results and visualization of traffic and environmental KPIs

Preliminary works

N/A.

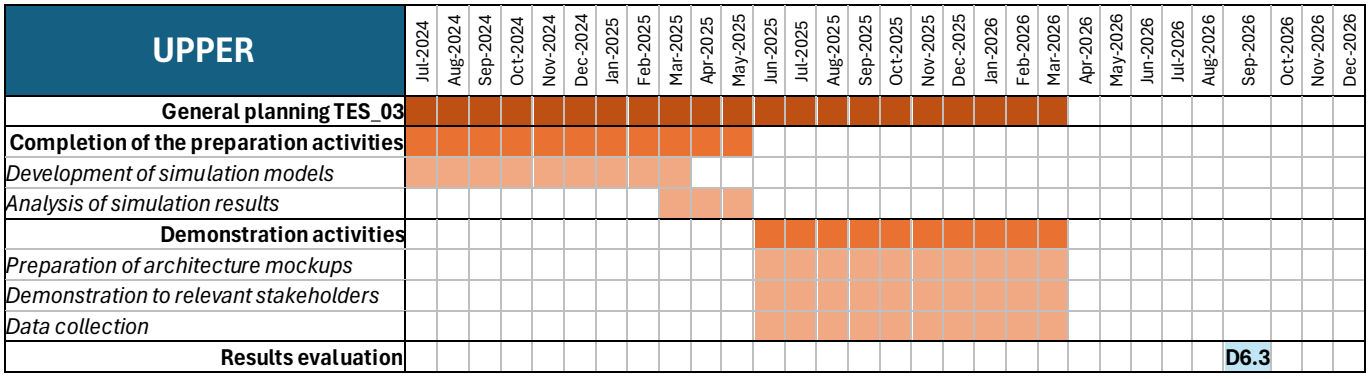
Deployment and integration

N/A.

Demonstration activities

Preparation of architecture mockups for the redesigned Egnatia Street

Demonstrations to relevant stakeholders.

Collect all necessary data regarding the evaluation of the measure TES_03. U-SUMP can be used to monitor the measure based on its related UPPER indicators.


Timeline for implementation and demonstration *(When?)*
